➤ EDUCATION

INTENSIVE FRONTEND COURSE, NOVARE POTENTIAL, STOCKHOLM (NOV 2022 - PRESENT)

At Novare, I am learning frontend development in depth, polishing my knowledge in React, CSS and other frontend essentials while also learning fundamentals of designing.

FULL-STACK CAREER PROGRAM, SMARTCODING, STOCKHOLM (FEB 2022 - APRIL 2022)

I learned full-stack development and got trained in React, TypeScript, CSS, Bootstrap, Node, Express, Knex, Objections, PostgreSQL and real world web development.

BACHELOR'S DEGREE IN INFORMATION TECHNOLOGY, UNIVERSITY COLLEGE OF ENGINEERING, KERALA, INDIA (2007-2011)

I did my B.Tech in Information Technology. This is where I gained a lot of insight into the world of IT and Engineering.

➤ EXPERIENCE

EXECUTIVE (ADMINISTRATION), AEKA BIOCHEMICALS PVT LTD, INDIA (FEB 2018 - PRESENT)

Currently, I remotely assist the team at AEKA Biochemicals in administrative activities which includes

- 1.Sales analysis, tracking of sales and revenue collection
- 2.Performing tasks related to purchasing activities for manufacturing/production and research
- 3.Data management and creation of work reports
- 4.Collection of data related to research and innovation happening in the field of biochemical technology

POSTAL ASSISTANT, INDIA POST, INDIA (AUGUST 2011 - JANUARY 2018)

Worked in more than 30 Post Offices and performed different levels of office assistant roles ranging from front office management to providing technical support for handling various software modules to co-workers .

Worked at the Technical Support Wing opened as part of digitisation of Post Office accounts where customer complaints as well as software issues raised by employees were looked into.
